Subject: New wood heater certification
Attachments: 2016-08-01 - HE350 Series - Certificate of Conformity.pdf; 2016-08-01 - HE350 Series - Quality Control.pdf; Application for US EPA - HE350 Series.pdf; 2016-08-01 - HE350 Series - Summary test report.pdf; 2016-04-25 - Mini-Caddy - EPA certification letter.pdf

Importance: High

Hi Rafael,

Find attached the required documentation for a new wood heater certification. I included only the summary test report but a complete test report including Confidential Business Information (CBI) and a version excluding CBI information will be sent today on an SD card.

I would also like to ask you why the newest list of certified wood heater found at this address:

<https://www.epa.gov/compliance/list-epa-certified-wood-stoves> does not include our newly certified forced-air furnaces (Mini-Caddy and Heatpack)?

Best regards,

Vincent Pelletier, Ing./Eng. Jr.
